## INTRODUCING ULTRAEDGE™

UltraEdge is a water soluble cognitive support product designed to help enhance your mental and physical productivity. UltraEdge contains a proprietary blend of powerful nootropics along with our exclusive Mimetix formula. UltraEdge is formulated to help with every aspect of mental acuity, performance, and cognition. Each serving is packed with the fuel necessary to help you perform at your optimal level, whether at work, home, or on the go. Ignite your mental potential, and get the edge you need to take on the day.

## THE MIMETIX™ FORMULA

Typically, the conversation about the endocannabinoid system (ECS) revolves around phytocannabinoids alone. Mimetix takes ECS health to a whole new level. Mimetix is our full spectrum complex that includes: phytocannabinoid mimics, terpenes, beta-caryophyllene, alkamides, and cannabimimetics.

Cannabimimetics are defined as compounds that have the same pharmacological impact on the ECS as the hemp plant. When combined in a full spectrum, water-soluble format the results are extraordinary.

## THE SYSTEM

The endocannabinoid system is ever present in the human body. This complex network impacts many areas of health and is most abundant in the brain and immune system. The ECS has been shown to be integral in body processes such as sleep, relaxation, and cognitive function. Through the production and use of natural endocannabinoids, the body regulates these systems. When production of those becomes slowed or impaired, cannabimimetics and phytocannabinoids, can supplement what the body may be lacking.

## EXCLUSIVE TECHNOLOGY

As we all know, oil and water don't mix. This can be a challenge when taking oil-based supplements. UltraCell® turns oil-based compounds into a water soluble format. Our exclusive technology has been proven in a clinical study to enhance the bioavailability of our oil supplements. Thanks to powerful technology, all of the benefits of UltraEdge are available to you at peak capacity.
